

PFR Program

Permanent Fleet Registration (PFR)

Use VLC to register your California based fleet without having to find your vehicles to apply stickers and replace registration cards each year. The program, **Permanent Fleet Registration (PFR)**, benefits organizations who have 25 or more California based vehicles. Each vehicle will have a permanent registration card and PFR sticker applied to their license plate as shown.

VLC manages the entire process and submits a monthly report identifying the vehicles requiring registration fees. Our customers review, edit the report as necessary for adds, deletes and submit one check as required for registration fees.

- ⇒ Pay multiple vehicle registration fee's with one check
- ⇒ Permanent registration stickers and cab cards
- ⇒ Keep your vehicles on the road, legally
- ⇒ Monthly renewal reports available on-line through Customer Gateway
- ⇒ Prepare and process renewals
